

## WARRANTY CONDITIONS

This warranty applies to KETTLER, NORDICTRACK, PROFORM, TOORX and EVERFIT brands fitness equipment. The warranty starts from the date of sale/handover of the device, unless the contract stipulates otherwise.

The official representative of these brands in Lithuania JSC SKORPIONO TAKAS carries out warranty and post-warranty repairs only in the territories it represents - the territories of Lithuania, Latvia and Estonia. Also, the company reserves the right to refuse to apply the warranty if the warranty conditions listed below and/or the instructions for use of the device are violated.

**After purchasing the trainer, we recommend that the assembly and initial start-up services be performed by an authorized service representative of Skorpiono Takas. Tel. no. +370 600 08101** (rates are indicated in table No. 2)

Warranty conditions:

- When submitting the device for warranty repair, the buyer must submit the purchase document (receipt, invoice) and other necessary documents, if the seller requires it. Failure to do so will void the warranty.
- If the trainer or other product that weighs more than 10 kg breaks down, the service master comes to the house of the buyer, or to the address where the equipment is placed. All other goods for warranty service must be delivered by the Buyer himself to the warranty center at his own expense, which is located in Nemuno st. 79, Panevėžys, Lithuania, unless agreed otherwise.
- The device must be delivered in a package that ensures safe transportation. If the device is delivered without packaging, the Seller is not responsible for mechanical damage caused during the transportation of the device;
- The manufacturer's warranty for the equipment is 12 months, effective from the date specified in the purchase document;
- All KETTLER, NORDICTRACK, PROFORM, TOORX and EVERFIT equipment is for consumer use only (personal residential household use by a consumer) and not for commercial use (commercial use means all other uses, including use for commercial, income producing or rental purposes or when purchased by a business).
- Trainer warranty applies only to the original trainer purchaser and is non-transferable.
- Free warranty service applies for 12 months from the day of delivery of the equipment to the buyer.
- Free warranty service includes: parts, the arrival of a craftsman, the craftsman's working hours.
- If the failure is not confirmed or (and) in the case of failures that are not covered by warranty obligations and free service, the customer pays all costs related to the transportation of the product to the service center or the arrival of the craftsman to the location, identification of the failure and repair;
- The device is replaced or the money is returned, if the malfunctions that occurred during operation during the warranty period cannot be eliminated;
- Repaired or replaced products are covered by the warranty for the remaining warranty period.
- The warranty outside the territory of Lithuania, Latvia or Estonia is not valid..

Warranty obligations do not apply in the following cases:

- The warranty does not apply to parts of the trainer that wear naturally, such as e.g. treadmill belt, torsion belt, batteries, brake pads, shock absorbers, etc.
- In the event of malfunctions due to natural disasters (lightning, flood, earthquake, fires, large fluctuations in air temperature and humidity), animals, improper operating conditions, the user's intention or carelessness;
- In the event of malfunctions due to illegal, inappropriate voltage sources and fluctuations, electrical network malfunctions;
- Damage caused by foreign objects entering the interior of the device: sand, liquid (corrosion, oxidation), food, insects, etc.;
- Cosmetic, surface scratches and other damages that have absolutely no effect on the functioning and use functions of the machine
- If the exercise machine has been stored outside of indoor conditions, in a damp, dusty room or outdoors, in a garage, terrace, gazebo, etc. in a room with temperature fluctuations.
- Damages that occurred after the purchase when the device was dropped, bumped, or during the transportation of the device, when the device is transported by the customer himself;

- Malfunctions were repaired by a service employee/person not authorized by the manufacturer.
- The device was deliberately damaged, dismantled;
- The device is broken due to the installation of illegal programs, decommissioning.
- Malfunctions were caused by non-original equipment consumables, accessories, any other non-original products used to ensure the operation of the device;
- If product warranty stickers, stickers with serial number are damaged or peeled off;
- If the device intended for personal (domestic, family) use was used for commercial activities;
- If the malfunction occurred using consumables, accessories, cleaning agents that are not recommended by the manufacturer in the instructions
- If the device was not turned off after each use.
- The product's operating instructions were not followed.
- The product was delivered to another country, which is not included in the territories represented by the company (Lithuania, Latvia, Estonia)
- For the tax that was paid for the transportation of the goods, the work and visit of the service people.
